Docket No. W-02351A-11-0231

**STATUS REPORT**

Picacho Peak Water Company ("Company") hereby files its status report regarding the Company's compliance with Arizona Department of Environmental Quality ("ADEQ") regulations. The Company has made significant progress on the mapping of the water system. The Company has developed an electronic map of the system. The mapping project is not complete, however, and the current draft map needs to be field tested to verify the location of certain underground pipelines. Nevertheless, the Company believes the current map can be used to generally locate the distribution

1 system. Meanwhile, the Company is continuing to operate, maintain, and monitor the  
2 point-of-use treatment to achieve compliance with the Nitrate standards.
